

## Senior Audit

Are you an accountant looking for a firm that appreciates your business insight, drive and desire to add value? Then we may have the position for you.

Brixey & Meyer is a regional accounting firm whose mission is to have a positive impact on the people of our firm and the clients we serve. As a five-time winner of the Dayton Business Journal's "Best Places to Work" award, we understand that culture matters. Our top priority is to provide an environment for our team that foster professional growth and success.

We have offices in Cincinnati, Columbus and Dayton. Founded in 2002, our firm has quickly established itself as the region's first choice for accounting, tax and business advisory services.

We are looking for a talented and motivated SENIOR AUDIT to join our growing team.

### **Primary Job Responsibilities:**

You will be responsible for the planning, execution of fieldwork, wrap-up and reporting on financial statement audit and review engagements performed for clients of the Firm. Execution of such engagements will include leading a team made up of staff/senior level team members, effectively communicating with the team and assigning tasks to ensure the timely completion of the engagement. Additionally, this role will involve a significant mix of business advisory / consulting engagements as well as involvement with our CFO services practice throughout the year.

You will be expected to perform routine duties independently, set priorities and schedule your own work in accordance with established and general policies and procedures. You are expected to show sound judgment, thoroughness, competence and ability to interact effectively with our clients and people of our Firm.

### **Essential Job Functions:**

- Assist in designing the approach for each assurance engagement to which you are assigned, and plan all aspects of the engagement
- Take lead role in maintaining primary contact with key clients
- Handle routine client matters and technical questions

- Supervise multiple engagements and effectively assign work to team members of the appropriate skill level and oversee their progress on assigned tasks
- Responsible for inspecting clients' financial records, compiling and analyzing data, preparing detailed accounting reports and proposing solutions to technical accounting research issues
- Analyze issues related to complex areas of clients' Balance Sheets, Cash Flow and Income Statements
- Develop and maintain contacts with business referral sources
- Demonstrate commitment to the Firm's philosophy by modeling appropriate behaviors and acting with respect and integrity in interactions inside and outside of the Firm

**Qualifications:**

- B.A. degree in accounting required, masters degree or continuing coursework is preferred
- 2 to 5 years of public accounting experience is preferred
- CPA license or working to achieve that objective
- Experienced technical skills in audit and accounting
- Dedication to teamwork and leadership
- Ability to direct and deploy staff consultants
- Effective verbal and written communication skills
- Ability to handle multiple tasks simultaneously
- Excellent client relationship and business development skills
- Valid Driver's License required
- Safe driving record (DMV documentation required)
